

Circles @ Zen Desert Sangha

The ZDS Circles are basically discussion/work groups for managing the details of our life together as a sangha and practice community. At Zen Desert Sangha we have three standing Circles:

- **People** which deals with the human side of what we do;
- **Practice** which deals with Zen forms and ritual at ZDS; and
- **Place** which deals with our physical environment, indoors and out.

Every sangha member is encouraged to join their circle of choice. It's a way to fulfill samu commitments, and it's also a great place to get to know the folks with whom you sit.

Currently, all circles are meeting on Zoom and have established regular monthly meetings. Feel free to drop in and check it out!

Upcoming meetings details can be found here: <https://www.zendesertsangha.org/upcoming-events>
